

LIFE HOMESCHOOL CO-OP SUMMER REGISTRATION FORM 2024

We are excited to offer an opportunity to play and learn with us even more in Summer of 2024! This summer, Life Homeschool Co-op presents More than the Music Mondays in addition to our monthly water days! We will be having some of the very best, messy, kinda dangerous devotions, followed by Music, Theater, and Logic Games starting June 10 - August 26. Monday Summer Classes will be \$2 per class/family at the time of the class, or \$15/family if paid by May 2. Half Summer Option must be paid for at the time of sign up. Cost for the 6 week program is \$12. Registration Deadline is May 19, 2024. This is not a drop off program. Parents/Guardians must remain on site during the program.

Thursday Water Days will continue each month in the summer! These are such fun play days for our sweet kiddos! Be sure to wear your water clothes, towel, sunscreen, bug spray (if wanted), and a lunch to enjoy under the outdoor shelter! We hope to have even more things to enjoy this year! Please be sure to RSVP for these days as there may be some fun treats to enjoy! There is no charge for water days! We hope to have a great turnout because water fights are always more fun in big groups!!!

For a devotional time, not soon to be forgotten, we hope to deliver the spiritual impact you desire for your kids. You won't want to miss it, so get some safety goggles and bring a change of clothes as we start bringing the truths of Scripture to vivid life!

1. Smashed Tomatoes
2. Baby Stuff

Music:

We anticipate alternating weeks between **Prodigies Music** and **Song School Latin**. In Prodigies, your child will learn music literacy, music theory, pitch training & their first instrument(s) during the critical period for auditory development. This class is best enjoyed for 6th grade and below, however, even older kids tend to find themselves singing the catchy tunes as we set a foundation in music theory. In Song School Latin, lessons are peppered with songs, enjoyable vocabulary, illustrations, handwriting practice, stories, games, and engaging activities. Children will love learning Latin!

Theater:

Our theater class will facilitate learning through theatre, allowing children to explore their creativity, develop their communication skills, and gain confidence in expressing themselves. With scripts, costumes, props, and step-by-step guides, children can unleash their creativity and transform any space into a captivating stage.

Logic Challenge and Games:

Through challenging, yet fun games and logic challenges, we will work on developing critical thinking skills, game strategy, and learn skills of deductive reasoning. This class is best suited for children of at least 3 and will include board games as well as physically interactive challenges.
